

Journée Maths et Cerveau

Institut de Mathématiques de Jussieu

Organisateur : Daniel Bennequin

Vision (2) / Information (1)

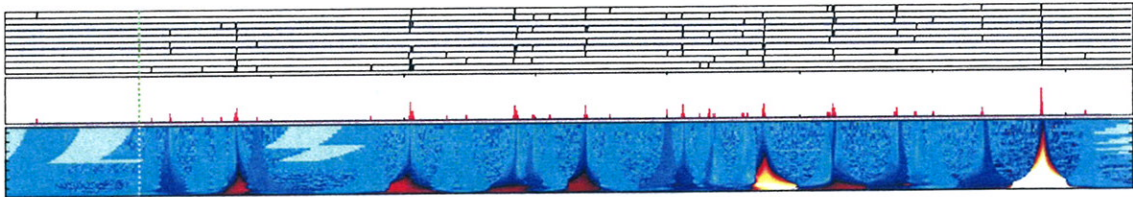

Vendredi 10 novembre 2006

175 rue du Chevaleret - Paris 13^{ème}
salle O C 2

- 10h00 - 11h00 **Pierre BAUDOT** (CNRS, Gif-sur-Yvette)
Natural computation : reliable and efficient dissipation in V1 (1)
- 11h15 - 12h15 **Olivier MARRE** (CNRS, Gif-sur-Yvette)
Natural computation : reliable and efficient dissipation in V1 (2)

Déjeuner

- 14h15 - 15h15 **Zhaoping LI** (University College, London)
Nonlinear neural dynamics in primary visual cortex for selective amplification
- 15h30 - 16h30 **Jean-Pierre NADAL** (ENS Ulm, Paris)
Information theoretic approach to neural coding

Thé
